

Greenflash®

## Detox Plus Step 1–3

IN NATURAL CELLULOSE CAPSULES

### COMPLEX BODY CLEANSING IN 3 STEPS:

## Detox box

### MODERN FORMULAS FOR COMPLEX BODY CLEANSING OF THE **DETOX** PROGRAM:

<b>1</b>	 LIGHTENING THE EXCRETORY SYSTEM <b>STEP BY STEP</b>	<b>2</b>	 PREPARATORY STAGE FOR THE HEALTH SUPPORT PROGRAMS	<b>3</b>	 GREAT START OF THE WEIGHT LOSS PROGRAM
----------	---	----------	---	----------	--

Step by step — intestinal canal, liver, kidney — such consistent and complex cleansing is most effective for the body. It helps to get rid of accumulated toxins as much as possible and ensure functioning of the excretory organs and systems in an optimal mode without stress for the body.

After completing the course of cleansing, the degree of absorption of vitamins, minerals, aminoacids, omega-3 PUFAs increases. Therefore, any rehabilitation program based on specialized nutrition and dietary supplements for food will act much more efficiently — it will help activate energy balance, increase efficiency, provide stress resistance and build immune defenses.

The cleansing program helps prepare the body for weight correction. As a result, the work of all excretory organs is accelerated, which helps to reduce stored fat and reduce body volume. Metabolism is activated, the protein absorption rate increases, and vitamins and minerals fully perform the functions of catalysts for all metabolic processes — protein, carbohydrate, fat.

## Detox Step 1

The most important preparatory stage for any health program.

### INTESTINAL CANAL CLEANSING TRENDING FORMULA

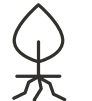

#### FORMULA COMPONENTS

- Start the process of body cleansing.
- Optimize intestinal canal motility and its evacuation function.
- Ideal preparation for the weight loss program and / or the dietary supplement program

**ALOE VERA**  
detox and laxative properties

**BURDOCK ROOT**  
intestinal canal runs like clockwork

**CORIANDER AND FENNEL**  
help with spasms

**FLORACIA®**  
natural dietary fiber with prebiotic properties

## Detox Step 2

The stage of activation of liver filtering functions

### INNOVATIVE LIVER CLEANSING FORMULA

#### FORMULA COMPONENTS

- Optimize the bile production and outflow.
- Help to protect the liver from toxic load
- Regulate fat and cholesterol balance.

**CURCUMA**  
bile-expelling and anti-inflammatory properties

**ARTICHOKE AND SPINACH**  
help the bile production and outflow

**MINT AND CORIANDER**  
help with spasms

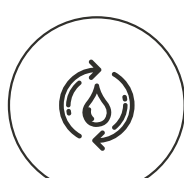

**FLORACIA®**  
natural dietary fiber with prebiotic properties

## Detox Step 3

Stage of water-salt balance adjustment

### INNOVATIVE KIDNEY CLEANSING FORMULA

#### FORMULA COMPONENTS

- Help to deplete the excess fluid.
- Have a mild diuretic effect
- have anti-inflammatory and antiseptic properties.
- Maintenance of fluid-and-electrolyte balance.

**HYDRANGEA ROOT AND LINGONBERRY LEAVES**  
diuretic and anti-inflammatory properties

**PARSLEY LEAVES**  
detox and comfortable depletion of excess fluid

**CHERRY STALKS AND PRICKLY PEAR**  
help with swelling

**FLORACIA®**  
natural dietary fiber with prebiotic properties

DIETARY SUPPLEMENT. IT IS NOT A MEDICINAL AGENT.
